This artwork was created by the Children that attend our Centre, with the help of our staff, and will be on display until the end of December, 2022.

It is called Yoorayaga-Girri - in Ngemba Language "Yoorayaga" meaning Grow and "Girri" relates to In the purpose ... So, in English this painting is called "Growing in the purpose".

**Each child collected physical bark, leaves and sand on country and painted and glued it on to the canvas, and turned it into something magical.**
